What are geofences?

With Geofences, you can setup a virtual perimeter on a map and assign vehicles to the geofence.

Anytime a vehicle enters or exits the geofence, you will be notified.

How to assign vehicles to a geofence?

1. Make sure you are on the Geofence page.
2. Select a geofence from the drop down list to open it.
3. Click ADD TO GEOFENCE button. This will bring up the dialog box.
4. Check the vehicles that you want to assign to this geofence.
5. Click NEXT to move onto the next page.
6. Click the + button to add a timeslot.
7. Configure the timeslot. From left to right you can:
Name the timeslot, Select whether to notify you instantly or in a daily email, on entry or on exit, the start and end time for each day, days of the week and finally you click the red bin to remove the timeslot.
8. Click FINISH to save the changes.

How to add a geofence to a group?

1. Make sure you are on the Geofences page.
2. Select a geofence from the drop down to open it.
3. Click GROUP ASSIGNMENT button.
4. Select the groups that you want the geofence to be in.
5. Click ASSIGN to save the changes.

How to change notification time for a vehicle inside a geofence?

The screenshot shows the ETRAK'N GO web interface. On the left sidebar, the 'Geofences' menu item is highlighted with a yellow circle and the number 1. In the main content area, the 'Para Vista Geofence' is selected from a dropdown menu, indicated by a yellow circle and the number 2. Below this, a table lists geofence entries. The first entry, 'Demo 1', is highlighted with a yellow circle and the number 3. To the right of this entry is a pencil icon, also highlighted with a yellow circle and the number 3. A modal window titled 'Add Time Slots for the geofence' is open in the center, showing a table with columns for Name, Instant, Enter/Exit, Start Time, End Time, Days, and Actions. The first row is 'Weekday 24/7' and the second is '24/7'. The modal is highlighted with a yellow circle and the number 4. At the bottom right of the modal, the 'UPDATE' button is highlighted with a yellow circle and the number 5.

Name	Instant	Enter/Exit	Start Time	End Time	Days	Actions
Weekday 24/7	<input type="checkbox"/>	Entry Exit	00:00	23:59	Mon Tue Wed Thu Fri Sat Sun	
24/7	<input type="checkbox"/>	Entry Exit	00:00	23:59	Mon Tue Wed Thu Fri Sat Sun	

1. Make sure you are on the Geofences page.
2. Select a geofence from the drop down to open it.
3. Click the pencil icon for the vehicle that you want make changes to.
4. Make the desired changes.
5. Click Update to save the changes.
