2. Click the indicated icon for the user you want to edit.
3. Select the groups that you want to the user to be in.
4. Click ASSIGN to make the changes.

How to delete a user?

You can only disable access to users and cannot outright delete them. Here is how to disable them:

The first screenshot shows the 'User Management' page with a table of users. A yellow circle with the number '1' points to a pencil icon in the 'Actions' column for the user 'Mr Demo 2'. The table has columns: Account Status, Full name, Job Title, Email, Groups, Permissi..., and Actions. The user 'Mr Demo 2' is listed with job title 'Demo User' and email 'demo2@example.com'. The second screenshot shows the 'Edit a user' modal form. A yellow circle with the number '2' points to the 'Disable this User' checkbox, which is checked. A yellow circle with the number '3' points to the 'SAVE' button at the bottom of the modal. The modal contains fields for Title, First Name, Last Name, Job Title, Mobile, and Permissions.
