

How to change notification time for a vehicle inside a geofence?

The screenshot shows the STRAK'N GO web interface. On the left is a sidebar menu with items: Dashboard, Assets, Vehicles, Geofences, Alerts, Groups, User Management, Reports, and Accounts. The 'Geofences' item is highlighted with a yellow circle and an arrow labeled '1'. The main content area is titled 'Geofence'. It has a dropdown menu 'Select a Geofence' with 'Para Vista Geofence' selected, and buttons 'ADD TO GEOFENCE', 'GROUP ASSIGNMENT', and 'REMOVE'. Below this is a table for 'Para Vista Geofence' with columns: Enabled, Type, Name, Registration, and Actions. The table has one row: 'Demo 1' (Car) with registration 'DEMO-EX1 - South Australia'. The 'Enabled' checkbox is checked. The 'Actions' column has a pencil icon circled in yellow with an arrow labeled '3'. Below the table is a modal window titled 'Add Time Slots for the geofence'. It contains a table with columns: Name, Instant, Enter/Exit, Start Time, End Time, Days, and Actions. The table has two rows: 'Weekday 24/7' and '24/7'. The 'Instant' column has checkboxes. The 'Enter/Exit' column has buttons 'Entry' and 'Exit'. The 'Start Time' and 'End Time' columns have time pickers. The 'Days' column has day selection buttons (Mon, Tue, Wed, Thu, Fri, Sat, Sun). The 'Actions' column has a red square icon. The modal has 'CANCEL' and 'UPDATE' buttons at the bottom right. Arrows labeled '4' and '5' point to the modal and the 'UPDATE' button respectively.

1. Make sure you are on the Geofences page.
2. Select a geofence from the drop down to open it.
3. Click the pencil icon for the vehicle that you want make changes to.
4. Make the desired changes.
5. Click Update to save the changes.
